CHF 2026 Spring Leadership Forum
Learning Journey Planning

Remember when going on your learning journeys to:

- Meet with people *on the front lines* of the issue.
- Seek out innovators, "future-seers," provocateurs, and stakeholders whose voices aren't normally heard.
- Experience something new and challenging in our region; move out of your comfort zone!
- Engage *all five senses* in your exploration.
- Bring back "artifacts" and "souvenirs" from your journey to share your learning with others.
